# SHARK TREASURE

CAN YOU SAFELY RETURN TO YOUR SHIP WITH  
THE PIRATE'S TREASURE WHICH IS HIDDEN DEEP  
IN THE SEA WHERE SHARKS THRIVE ?

795 1850  
Specifications:  
(R) 800  
(D) 550  
(H) 830~700 mm  
AC100V/115V/220V  
140W 50/60Hz

- When the diver has arrived on the seafloor, move him towards the treasure chests arranged from right to left by working the lever.
- Inside one of the chests there is a moray eel. When the diver enters it, he dies.
- When the diver successfully secures either of the treasure chests, he starts ascending. Move him in the same manner as you did when he was descending.
- SCORE  
Shark..... \$30, \$100, \$300    Treasure..... \$50 ~ \$300  
You score points when the diver has successfully harpooned a shark.  
You score points when the diver has successfully taken a treasure chest back to the ship.

- Move the ship sideways by working your lever to determine the diving position.
- Press the button to open the hatch in the ship's bottom and start diving. Release the button and the diver will go down automatically.
- Press the button while the diver is descending and he will stop at the position.
- Move the lever towards the assaulting shark and the diver will harpoon.
